Come and enjoy the [LTR Experience!](#)

The UK is promised a "sizzling" summer this year. Why not stay in one of LTR's most exclusive and luxurious [English properties?](#)

In our 10th year of business, [LTR](#) has welcomed to our portfolio, more wonderful English homes. As well as ancient properties steeped in history we have houses that are fine examples of modern architecture that have been built with contemporary living and comfort in mind.

[Burggraaf and Voltaire](#) are two of the latest properties represented by LTR.

Featured above, they are both beautifully decorated in contemporary style and fully equipped with all modern conveniences including indoor swimming pools, saunas and steam rooms, outdoor cedar hot tubs, games rooms and spa treatment rooms.

Each with 6 ensuite bedrooms and situated minutes from the coast in West Dorset, there is a wealth of fun opportunities for any holiday group.

On the West Sussex Coast, [Stone Court](#) is 30 seconds walk from the beach. An interior designed home in New England Style, it boasts absolute privacy in a gated seaside estate with security guards. With two dining rooms and a large Smallbone kitchen, it is ideal for large groups and entertaining. As with all our other properties, it is beautifully equipped to guarantee a luxurious holiday.

Here at LTR we welcome feedback! Please let us know what sort of holiday you are looking for. With a wealth of experience and enthusiasm, we enjoy a challenge.
